FRIDAY 22ND APRIL 2016**

From the Principal

This is a very exciting week for all students and staff at Yipirinya. As you know last week the students had an extra week of holidays so that teachers could train in our new way of teaching literacy—Direct Instruction.

The exciting news is that we started Direct Instruction this week and all students are now taught at their individual level so they can succeed at school.

Students from Year 4 to Secondary have changed teachers and move to different groups according to their ability.

I am very happy to report that students have made an excellent start to the new program and have accepted the change to their normal routines. They should be very proud of themselves and we are certainly proud of them.

Don't forget—Monday is Anzac Day (25th April) and the following Monday (May 2nd) is the May day Public Holiday so no school.

Malu Class and Yerrampe Class during their Direct Instruction class.

Training Program

Students from Irretye class commenced a training program this week as preparation for participation in the Outback Marathon at Uluru in July. Students will do running and gym training each week for the remainder of this term.

Some of their comments from the first training session on Wednesday are below:

'This afternoon we went for a run to train for the marathon race at Uluru. On Friday we will be going to the gym to get fit.' (Patrick)

'Today we went to the Desert Park to have a jog. First we got off the bus at Flynn's Grave and we walked before having a little jog. On Friday we are going to the gym to do some pushups and some stretching.' (Tremayne)

'Today we got to put our uniforms on for Uluru marathon race training. We ran from Flynn's Grave to the Desert Park.' (DJ)

This Weeks Awards

Yere Akwewe Class

Ashame Armstrong— Excellent counting skills

Melvin Hayes— Super helper in the class
